PUBLISHING COMPANY IN MEXICO

TORRENTES DE VIDA

This ministry commenced in 2006 to facilitate the publication in Spanish of the great books and teaching resources we are privileged to have available in the English-speaking world and to sell them at a price that the average Latin American can afford to pay.

The Challenge in Latin America

The church in Latin America is growing at a rapid pace but due to a lack of good solid Bible teaching in the churches there is little Christian growth, and many church goers drift away. Added to this problem is the fact that the majority of Christian books published are popular but not biblically sound.

The External Studies courses from Moore Theological College in Sydney have been in use in Latin America for 15 years, with some 1500 students currently studying the Scriptures through them. However, very few of the recommended texts for these are available in Spanish. It has been very difficult to convince Latin publishers to print the few that have been translated. In the western world we have access to so many solidly biblical books. Spanish speakers have access to so few!

The way ahead

To help overcome these problems, Grahame & Patty Scarratt, who have worked in Theological Education in Latin America since 1980, have set up a publishing company in Monterrey, Mexico, for the purpose of publishing these great books that we enjoy and take so much for granted in the western countries. The first publication, *Gospel and Kingdom* by Graeme Goldsworthy, came out last year. The ***Life Change through Christ Trust*** has been set up to support this initiative.

The Trust aims to achieve its purpose by supporting the publication of key books and materials at a price that the majority of people in Latin America can afford to pay. At this stage it is a ministry rather than a viable business proposition.
